

Compliance Tracking Cards

- A QUICK AND EASY TOOL TO VISUALLY REINFORCE COMPLIANCE AND PROVIDE REMINDERS FOR NONCOMPLIANCE -

Sometimes kids just need to **see** how often a direction was given. It's amazing what difference a visual cue can make!

If a direction is given and the student follows it right away, put a tally or sticker in the first column. If the direction had to be given twice, put a tally or sticker in the second column. If the direction had to be given three times (oh no!), mark the third column accordingly.

Add positive reinforcement for immediate compliance and align appropriate consequences for noncompliance if necessary.

Followed direction after being asked:

1 time 😊

2 times 😐

3 times 😞
